Green Building of America Award

## **Building of America Announces 2010 Midwest Green Building of America Award Winning Team Members**

Southfield, MI —Owners, consultants, architects and general contractors have submitted the top LEED® projects to be considered for a Green Building of America Award. The *Midwest Real Estate & Construction Review's Success Stories-Green Editions* will honor the most innovative, unique and challenging new “green” projects — projects that are particularly noteworthy and/or that give back to their respective communities. The winners have been selected and will be featured in the Midwest edition of *Real Estate & Construction Review's Success Stories-Green Edition* both in print and online at [www.buildingofamerica.com](http://www.buildingofamerica.com).

The following award winning team members, those deemed the most competent and reliable in the region, will be joining the architect and general contractor and will also be featured for their commitment to excellence on their respective Green Building of America Award winning projects:
